## THE NORTH BORNEO STRAITS TIFFIN

This inspiration draws from its north Borneo history of the land and the convergence of old trade routes of the East and West at the Malay Archipelago resulting in the renowned Straits cuisine. Our tiffin unveils a timeless feast that showcases the delicious and intricate dishes that highlight these local and Western influences. *Land Below the Wind*, a delightful read authored by Agnes Newton Keith in 1939, completes your night with its humour and pervading charm of the then-North Borneo country and its people.

## THE SINAGANG STEAMBOAT

Served in your own gazebo at Fisherman's Cove overlooking the bay, this hotpot offers a mouth-watering *sinagang* fish broth perfumed with lemongrass, chili, tamarind and ginger flavours that is loved by the Kadazans for its sour-hot tang. A richly textured meal that is complemented by an array of fresh greens, meat and seafood cooked either in the fragrant broth, or on the hotplate with a variety of condiments for dipping.
