CORAL GARDEN MARINE EXPEDITION

Beneath the surface of Tunku Abdul Rahman Marine Park lies a hidden world of vibrant marine life. Join our Resident Marine Biologist for an exploratory snorkelling tour and discover the breathtaking coral sites within the marine park. Swim above lush gardens of hard and soft corals, where intricate formations create delicate, living labyrinths teeming with activity. Encounter colourful reef fish darting through the shallows and keep watch for graceful sea turtles gliding effortlessly in the distance. Throughout the journey, your guide will illuminate the wonders of this underwater realm, sharing expert knowledge on coral conservation and the essential role these reefs play in protecting marine biodiversity. It's an unforgettable glimpse into a fragile and fascinating ecosystem.

Inclusions: Guided tour, briefing on safety and snorkelling techniques, mask and snorkel, a debriefing session and a personal buoyancy aid (if required)
